- » Horticoop Technical Services new Sercom dealer
- » TCA Engineering new Sercom dealer
- » Efficient water management
- » Cloud processor print and open software platform

Dear reader,

It is time for a new edition of SERCOMmunication. This includes attention for a number of new Sercom dealers.

Wireless control of dosing systems

SERCOM recently added a very interesting addition to our range. It concerns wireless communication of the SC400 process computer for monitoring and controlling dosing systems.

Alarms via SMS

Do you want to receive text messages from SercoVision alarms? Then you need a GPRS modem and SIM card. This SIM card must meet specific requirements. Before you purchase this card, we would like to advise you to contact SERCOM first. Then we can provide you with the necessary information.
